

By being ISO 13485: 2016 certified and FDA registered,  
**we are able to meet your every need.**

## FULL-SERVICE MANUFACTURING

Our 20,000-square-foot facility is perfect for you, as we offer customizable space that includes the following:

- An ISO Class 7 Cleanroom
- Contained bottle filling
- Assembly and packaging
- Research and development lab

## INNOVATIVE DESIGN

Our extensive offerings feature top-notch design services, and our world-class engineering team is second to none. We offer:

- Disposable Class I and II devices for skin, peripheral access/port access, ECMO, cardiovascular and blood path indications
- Validation and verification procedures with simulated use and limit testing capability
- FDA registered and ISO 13485:2016 with Design Control systems capable of quick turn product development
- Engineering drawing and analysis software, including 3D modeling, statistical analysis and failure mode analysis

# MEDISURGE

CREATING THE HEALTHCARE  
OF THE FUTURE, **TODAY**

ISO 13485:2016 FDA Registered Medical Device Contract Manufacturer

[WWW.MEDISURGE.COM](http://WWW.MEDISURGE.COM) | (888) 307-1144  
2680 WALKER AVE NW SUITE C, GRAND RAPIDS, MI 49544

MediSurge is a medical device company based in West Michigan that handles all aspects of the design, development, and manufacturing process. We can plug in at the very beginning, or at any stage of a project.

We focus on creating the devices needed, when they're needed, at a cost that makes sense, and with the patient top of mind.

We have an experienced team that is remarkable, flexible, easy to work with, and passionate about providing quality products that make a difference in the lives of patients and medical professionals around the world.

**Together, we're creating the healthcare of the future, today.**

## PROCESS

Our streamlined processes save you both time and money, by offering a 50% share with all cost-saving initiatives. We have years of experience that we leverage for your benefit, and our team is committed to providing you value every step of the way.

## LEAN PRODUCTION

We stand out from the competition by providing quality results and products without the high price tag. Customers see the immense value through every single step of our lean process, with expedited lead times and cost-saving initiatives.

## UNMATCHED QUALITY

We exist to better the world of healthcare. Medical devices possess the ability to save lives, and, because of this, our products are designed to be the best, every time, with no exceptions.
